

A Chairde,

As you are all no doubt aware, we are living through very challenging times due to the current pandemic.

As a school, we have taken every precaution to keep all members of our Coláiste community safe and will continue to make that a priority.

In the event that the situation arises whereby the school cannot operate as a normal education setting, it may become necessary, although regrettable, for us to ask a year group or year groups to remain at home for a period of time. This decision will not be taken lightly and will be in consultation with the Board of Management. Any such decision will be communicated to you as soon as is practicable. Thank you for your understanding. Take care and stay safe.
